

HOSPITALITY IT SOLUTION COMPANY OF THE YEAR

Procom

COSTA RICA

With over two decades of experience in the sector, Procom is a one-stop-shop tech company offering a range of high quality hardware and software to help businesses tackle the everyday minutiae of the working day. Developing numerous technological solutions based on hybrid environments (cloud, intranet, etc.) the experts improve their IT solutions day-by-day to ensure they are constantly able to match the needs of their customers. The Procom philosophy seeks to encourage all staff and clients to experience better and more intuitive IT interactions every day through their commitment to quality and hard work. Having worked with more than 1,000 clients to date, the IT specialists segregate their solutions by industry to ensure they offer the most appropriate provisions to every client.

The judges were particularly impressed by the efforts made at Procom to centralise the data and information for clients in the hospitality sector, which is key to making informed and strategic decisions. Using the digital tools made available by the IT solution company, managers and business owners are able to access relevant data in real time and have a complete picture of the company for ease and efficiency. This facilitates internal communications between different departments and allows for a more streamlined management of resources.
